

Hand and Portable Power Tools Classroom Preparation

BLR's Safety Training Presentations

OSHA's Hand and Portable Power Tool Requirements

- ☐ Have you read the requirements of Subpart P of the OSHA General Industry Standards (www.osha.gov)?
- ☐ Does your company use hand and portable power tools?
- ☐ Do you have a program for maintenance of all tools, power or otherwise?

Preparing Handouts and Training Props:

- ☐ Print out and make copies of the Hand and Portable Power Tool Quiz.
- ☐ Bring examples of hand tools to class for demonstration (some good, some damaged).
- ☐ Demonstrate a tool inspection for the class.

Supplemental Information:

- Any tool manufacturer handbook or instruction manual
- *Hand and Power Tools*—OSHA Booklet #3080.
